

Extended Warranty and Preventative Maintenance Plans

2019

 MADE IN BRITAIN, **SPINNING** ALL OVER THE WORLD

SPIN-IT Warranty

We are confident that a SPIN-IT turntable will give you many years of reliable, efficient service.

We include several Industry leading warranties on all turntables that we manufacture. The duration of the warranty is dependent on your choice of Installer, the intended use and your location.

Like all equipment, they are dependant on a regular maintenance check in line with our recommendations.

Our Turntables are designed to withstand conditions and tolerances beyond normal use, however it should be understood that we do have to place a limit on our Warranties depending on their use.

Light - Turntable is likely to support the movement of **up to 4** vehicles.

Heavy - Turntable is likely to support the movement of **5 or more** vehicles.

For Installations carried out by SPIN-IT, in the UK

- ✓ Standard use - 5 Year Comprehensive Warranty.
- ✓ Heavy use - 3 Year Comprehensive Warranty

For Installations carried out by 3rd parties, in the UK— (Self assembly)

- ✓ All uses - 3 Year Limited Warranty

Subject to the installation being carried out in the correct manner and in line with our Technical Guidelines.

For Installations carried out by SPIN-IT outside of the UK

- ✓ All uses - 3 Year Limited Warranty

Parts replacement only

For Installations carried out by 3rd parties, outside of the UK

- ✓ All uses - 1 Year Limited Warranty

Parts replacement only

All our Warranties can be extended (subject to conditions).

SPIN-IT - Extended Warranty and Preventative Maintenance Plan

In addition to our standard inclusive Warranty, SPIN-IT offers you the option to protect your investment by extending your warranty or taking out a Preventative Maintenance Plan.

Extended Warranty

- ✓ 12 month Fully Comprehensive Warranty
- ✓ Initial Inspection to validate Warranty

Installed by SPIN-IT Technicians (UK only)

We are able to offer an Extended Warranty or Preventative Maintenance Plan on all products installed by SPIN-IT technicians.

Self Assembly Kits: (UK only)

We can offer an Extended Warranty or Preventative Maintenance Plan, subject to a paid Inspection by our technicians at the end of the initial Warranty period.

Global Sales:

We are happy to discuss an Extended Warranty or Preventative Maintenance Plan on an individual project basis.

A Preventative Maintenance Service Call consists of the following activities:

Motor Housing

- ✓ Removal of Motor Housing lid and visually inspect drive motor assembly
- ✓ Check of drive springs for condition and adequate compression
 - ✓ Visual check of drive wheel condition
 - ✓ Visual check of Motor Housing wiring

Turntable

- ✓ Check top plate fixings and repair as necessary
- ✓ Check for any debris fallen through gap and remove if necessary

Control Cabinet

- ✓ Visual check for water ingress etc
 - ✓ Re-optimize inverter.
- ✓ Check functionality of remote controls
- ✓ Fit new key-fob batteries if necessary

Extended Warranty and Preventative Maintenance Plan

Extended Warranty & Preventative Maintenance

We are happy to discuss extending your existing Warranty on an Annual basis

This can be agreed at the time of purchase or at any time throughout the life of your installation

These Extended Warranties include an Annual Preventative Maintenance check giving you total Peace of Mind

The cost will vary depending on the type of Installation and its use

Extended Warranty Conditions:

We will come and Inspect all Installations prior to agreeing your Extended Warranty - **No charge**

If No faults are found

- We will issue a further 12 months Extended Warranty

If faults are found

- Our Technicians will advise you of any work required
- We will give you the option and cost to repair any faults found and then the option to Extend your Warranty
- You may choose not to have any repairs undertaken, and not take an Extended Warranty - **A charge of £200 will be made for our time.**

Preventative Maintenance Plan Only

- Available for all Installations both In or Out of Warranty
- Cost effective Peace of Mind
- Extend on an Annual basis

Regular Maintenance checks:

Please ensure you follow the Regular Maintenance check procedure at all times

- The turntable is clean and that all debris etc. is not fouling the safe turning of the turntable.
- That there are no loose screws on the aluminium top plates.
- That the turntable has not been damaged and is turning freely.
